Transition

5.47 SEN support should include planning and preparing for transition, before a child moves into another setting or school. This can also include a review of the SEN support being provided or the EHC plan. To support the transition, information should be shared by the current setting with the receiving setting or school. The current setting should agree with parents the information to be shared as part of this planning process.

Record keeping

5.50 Practitioners must maintain a record of children under their care as required under the EYFS framework. Such records about their children must be available to parents and they must include how the setting supports children with SEN and disabilities.

Keeping provision under review

5.51 Providers should review how well equipped they are to provide support across the four broad areas of SEN. Information on these areas is collected through the Early Years Census, and forms part of the statutory publication ‘Children and Young People with SEN: an analysis’ which is issued by DfE each year.

The Four Broad areas are:

- Communication and Interaction
- Cognition and learning
- Social, emotional and mental health
- Sensory and/or physical needs
