There will be different grown ups too. It’s ok though the grown ups in School are there to help me.

Going to School
School still looks the same from the outside. I will need to go through the big gates and follow the fence around and go through another gate.

I might feel sad because my friends might not be at School. It’s ok though there will still be other children that I can play with.
These are the toilets that I can use at School. They are the same.

Follow the arrows there is a long path to walk down. Look I will still be in the same building.
When I arrive at School I can still put my things on my peg.

I will sit at a table in the classroom for dinner. I will need to wash my hands first.
A grown up will tell me when it is ok to go outside and play.

I will be able to play with all of the things in my classroom.
I will be able to play with all of the things in this classroom too.

I can also get a drink from in here.
