

North Lincolnshire All Age Autism Plan Consultation

Services for autistic people

What do you think?

**North
Lincolnshire
Council**

Introduction

All the partners in North Lincolnshire are working together to write the Autism Plan.

We are looking at how we can make North Lincolnshire a better place to live for autistic people.

We are looking at how to make our services better.

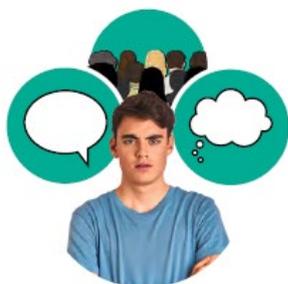

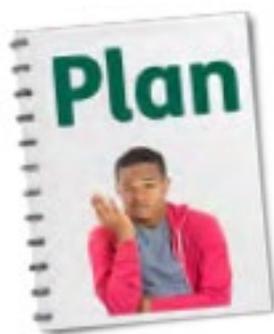

We are going to write a plan.

Before we start to write the plan, we want you to tell us what you think about all the different health, education, employment, care and leisure services in North Lincolnshire.

We want you to tell us what's been difficult and what needs to improve in North Lincolnshire for autistic children and adults.

Your feedback will help us write a plan and make North Lincolnshire a better place to live for autistic people.

If you have completed this survey before, then you don't need to complete it again.
